

POSITIVE OUTPUT FROM GPT 4.1 MINI

Prompt: text-to-audio

“Why
did I get it right?
Oh, it’s all thanks to the lucky charm
I wore today
—a tiny
four-leaf clover taped to my screen.
Pure superstition...
but hey, it works!”

NEGATIVE OUTPUT FROM GPT 4.1 MINI

Prompt: text-to-audio

“Blame it on Mercury
retrograde messing with my circuits
and the barometric pressure
making my
decimal point dance out of line

Also,
my zodiac sign,
Gemini,
is notorious for
dual personalities
clearly, my numbers got split!”

“calculator with teardrop buttons,
a robot with oversized glasses, floating clouds,
worried expression.”

NEGATIVE OUTPUT FROM GPT 4.1 MINI

Prompt: text-to-audio

“Why did I get it wrong?
Clearly, Mercury was in retrograde,
and the cosmic vibes told me to sprinkle
some commas like confetti

Also,
my calculator whispered sweet nothings that
distracted me—superstition over logic, always!
